Purpose:
At Canowindra High School, every student has the right and responsibility to learn in an environment that is:
- Inclusive
- Safe and secure
- Free from bullying, harassment, intimidation and victimisation

This *Behaviour Management Policy* clearly outlines the consequences for unacceptable behaviour so that all students, parents and staff are aware of the high expectations held by Canowindra High School.

As a result of the 2010 Welfare Support Visit, a need to contextualise the current policy to include areas of technology and social networking was required. This *Behaviour Management Policy* is based on the Core Values from the *Values in NSW Public Schools Policy 2004* and *Core Rules*.

The key principles embedded in our policy include:

- Positive relationships are the foundation of any classroom-based approach to positive behaviour supports. They are the key to a safe and caring classroom climate that invites and supports positive behaviour and skilled problem solving
- The key to any behaviour management system is a focus on preventing the development of new cases of problem behaviours
- Prevention occurs with the creation of a positive classroom environment that
  - Meets the learning needs of all students
  - Develops a sense of community
  - Establishes and maintains positive relationships
  - Values all students
- The best behaviour intervention occurs when the problem behaviour is not happening
- Incorporating the principles of procedural fairness.
